# LOS CABOS IS A WORLD — CLASS DESTINATION

**Los Cabos is a world-class destination recognized for its natural beauty along with picturesque desert and tropical landscapes, award-winning swimmable beaches, luxury hotel offerings, year-round warm weather and world-renowned cuisine with Michelin star chefs. ## How Los Cabos began to gain notoriety by Hollywood Celebrities

The first hotels in the destination were family businesses built in privileged areas. It took no time for certain areas to become known for their uniqueness and desirability, such as Palmilla, the second home of Lucille Bremer, acclaimed Hollywood actress and dancer, and Abelardo L. Rodriguez, passionate pilot and son of a President of Mexico, who met in 1947 while she was filming a movie in Mexico City. The destination started to generate popularity when Hollywood personalities flew to Los Cabos, in Abelardo's plane to stay at their unique property located in an isolated paradise.

Los Cabos is the destination of choice for A-list celebrities including actors, singers, film producers, and influencers, in addition to dignitaries, celebrated sports figures, and media who trust Los Cabos to provide a safe, secure and private leisure vacation experience. Offering a sophisticated level of security, guests are provided the highest level of privacy and luxury amenities for comfort.

## Why Los Cabos is a Destination for Luxury Travelers

Los Cabos is home to award-winning culinary offerings, championship golf courses, state-of-the-art wellness spas, world-renowned sport fishing tournaments and unique private experiences among this destination's unmatched resources.

Los Cabos offers guests a rare, mountain-desert-ocean environment where enterprising developers and prominent golf architects have joined forces to build a handful of the world's finest golf courses. With 18 championships, celebrity-designed golf courses Los Cabos is considered the golf capital of Latin America.

Add in sunshine nearly year-round and increased air connectivity from major North American gateways, and it's easy to see how Los Cabos has become a magnet for players in search of an exceptional golfing experience. # LOS CABOS GOLF

## ULTRA-LUXE AND WORLD-CLASS

The old joke about Mexico is that tourists would head south of the border with a T-shirt and a \$100 bill and not change either one in a week. Through the 1980's, this was as true in Los Cabos.

All that changed with the infusion of world-class golf built in and around the 20-mile coastal corridor linking San Jose del Cabo, a quaint 18th-century colonial town, and Cabo San Lucas, a fishing mecca and party capital.

Formerly a rustic port of call patronized by avid deep-sea fishermen, Cabo, in the span of just over 25 years, has reinvented itself as a premier golf destination.

Jack Nicklaus, the 'Golden Amigo,' should take a bow. Nicklaus, who first visited Los Cabos in the mid-1960s to angle for trophy marlin, put Cabo on the international golf

map with his seminal designs at Palmilla in 1992 and the Ocean Course at Cabo del Sol two years later. He's since returned to build four additional layouts, single-handedly catapulting Los Cabos into the golf vacation stratosphere.

**Situated at the place where the Sea of Cortez meets the Pacific Ocean, Los Cabos boasts a rare mountain-desert-ocean environment where enterprising developers and prominent golf architects have joined forces to build a handful of the world's finest courses.**

Varied terrain and enticing natural features are required to produce worthy venues. Only in Cabo do verdant green fairways drop from cactus-studded foothills to the deep blue sea. Add 340 days of sunshine per year, splendid 5-star hotels and improved air connectivity from major North American gateways, and it's easy to see how Los Cabos has become a magnet for players in search of an exceptional golf experience.

One change of late has been the emergence of the "private resort," a new hospitality category. Increasingly, golf projects are tied to real estate developments. Otherwise-private clubs will permit guests of a designated hotel to play their courses, with green fees ranging up to \$450 at the top end.

The exclusive "private resort" category brims with top-class venues worth crossing a continent to play. Again, there's a prerequisite: a player needs to stay at an affiliated hotel to gain access.

For example, the centerpiece of Chileno Bay Golf & Beach Club, the Discovery Land Co. development, is a magnificent Tom Fazio creation, its graceful flowing landforms intended to simulate rolling ocean waves. Course access is granted to guests of Chileno Bay Resort & Residences, an Auberge property set on one of Cabo's prettiest beaches.

Similarly, at Twin Dolphin Golf Club, a naturalistic Fred Couples-designed course stretched across a broad sloping plateau bisected by arroyos high above the Sea of Cortez, players must stay at Montage Los Cabos, a 122-room beachfront hotel set on Santa Maria Bay, a marine preserve; or book one of the two- or three-bedroom Montage Residences. On the East Cape 45 minutes from the airport, guests of Four Seasons Resort Los Cabos at Costa Palmas can secure a tee time at the resort community's golf club, a superb Robert Trent Jones II design that opened last year. This multi-themed layout sprawls across a gently rolling expanse of sand that rises nearly 40 meters above the Sea of Cortez.

There is a bit more flexibility at three top clubs around the corner from the iconic sea arch on the Pacific side of Los Cabos.

Want to take on the challenge at Quivira Golf Club, an unforgettable layout by Jack Nicklaus that tiptoes along sheer granite cliffs high above the frothing sea? Golfers can

register at any of the Pueblo Bonito Resort properties in Los Cabos to gain access, including Pacifica, the adults-only, all-inclusive hotel five minutes from the golf club.

A couple of miles from Quivira is Diamante, a resort community that's home to the Dunes Course, the No. 1 ranked venue in Mexico; and El Cardonal, the first completed 18-hole course by Tiger Woods. Guests of the on-site Nobu Hotel and Hard Rock Hotel have access to Diamante's course, subject to availability.

Moving further north is a sparkling newcomer, Rancho San Lucas Golf Club. The club's Greg Norman Signature course, opened in February 2020, anchors an 834-acre community on the Pacific. The links-style layout spans three different ecosystems, transporting players from huge windswept dunes to a thick cactus forest and back again. The club offers entrée to guests of Solmar Hotels and Resorts, including the on-site Grand Solmar Rancho San Lucas Resort.

Golf-wise, what does the future hold for Los Cabos? More upscale real estate developments moving up both coastlines that use golf as a prime amenity to attract affluent buyers.

# SIGNATURE GOLF COURSES

Home of 18 signature designed courses around high equity real estate developments. Los Cabos has seven of the top ten courses in Mexico according to Golf Digest, built by design legends such as Jack Nicklaus, Greg Norman, Robert Trent Jones Jr, Tiger Woods, David Love III, Tom Fazio and Fred Couples. Los Cabos can rightfully claim the title as the 'Golf Capital of Latin America.'

## DIAMANTE CABO SAN LUCAS – THE DUNES COURSE

Reminiscent of Ireland's Island Golf Club, the par-72, 7,300-yard Dunes Course was designed by 21-time PGA Tour winner Davis Love III. This beachfront course boasts 18 holes with emerald-green fairways and dramatic views of the Pacific Ocean. Critically acclaimed, it was a Top New International Golf Course in 2010. Its 14-acre practice and performance center is unlike anything else.

**Facility Type** Private / Resort

*Guests of Nobu Hotel and Hard Rock Hotel have limited access to Diamante's courses, subject to availability.*

## DIAMANTE CABO SAN LUCAS – EL CARDONAL

Tiger Woods' architectural debut, the 18-hole, championship El Cardonal visually complements Diamante's famed Dunes Course. With dramatic views of the Pacific Ocean and natural arroyos, mature vegetation and native dunes, the par-72 course measures 7,363 yards. It features a long front nine that meanders through rippling dunes, while its back nine gradually ascends.

## RANCHO SAN LUCAS GOLF CLUB

Designed by legendary golfer and course designer Greg Norman, this course is one of the highlights of the new Grand Solmar at Rancho San Lucas, which sits on 1.2 miles of beachfront property right on the Pacific. The 7,210-yard layout has a few holes on the beach, notably the par-3 third, which parallels the sea.

**Facility Type** Private / Resort

## QUIVIRA GOLF CLUB

This stunning Jack Nicklaus-designed par-72, 18-hole course stretches to 7,085 yards and is set along massive sand dunes, rugged cliffs and white-sand beaches. With views of the Pacific Ocean from all 18 holes, Quivira offers more oceanfront exposure than any other course in Los Cabos. This is Jack Nicklaus' sixth course design in Los Cabos.

Director of Golf: Antonio Reynante

## COSTA PALMAS GOLF COURSE

A world-class 18-hole championship golf course, the par 72 course measures 7221 yards of desert and ocean views, perfectly manicured dunes capes, and fairways that unravel down hillsides. An emerald symphony composed of three movements and three transitions, accentuated by shades of blue. A masterpiece designed by Robert Trent Jones II that sets the golf experience in Baja a world apart. This is The Costa Palmas Golf Club, a destination that is both inspired by and enhances the East Cape's natural beauty.

**Facility Type:** The golf facility is offered as an exclusive amenity to Costa Palmas community owners as well as resort guests of the on-site Four Seasons Resort Los Cabos at Costa Palmas.

# SPORTFISHING IN LOS CABOS

The waters off Los Cabos enclose the Pacific Ocean and the Sea of Cortez. Both consisting of prolific marine environments and submarine seamounts, countless species can be found anywhere from right along the shoreline out to 60 miles. Its world-renowned striped marlin fishery highlights big game fishing in Los Cabos. Still, other marine sportfishing includes Blue Marlin, Black Marlin, Wahoo, Yellowfin Tuna and Dorado. Los Cabos is one of the world's best sportfishing

destinations; more Marlin and Swordfish get caught here than anywhere else in the world. World-famous sport fishing tournaments, such as Bisbee's Black & Blue Marlin and East Cape Offshore derbies, are held annually. Catch & Release is the general rule.

There are experienced service providers with professional equipment for those on a budget and those after luxury.

## FISHING TOURNAMENTS

Legendary Writer Ernest Hemingway traveled to the Baja California Sur to witness and experience firsthand the incredible bounty of sport fishing opportunities available. That should be enough for any sport fisherman to come to sample the pristine waters. There is certainly no lack of competition to land the big one, as many of the world's top sportfishing events and tournaments take place in Cabo San Lucas. Top fishing teams worldwide are pitted against each other to raise the most Marlin, Tuna and Dorado species.

Los Cabos hosts prominent offshore tournaments, including **the Stars & Stripes** Tournament in June, **Los Cabos Billfish Tournament** in October, **Los Cabos Big Game Charter Boat Classic**, **Cabo Tuna Jackpot** in November, and the three local Bisbee's circuit tournaments -the **Bisbee's East Cape**, **Los Cabos Offshore** and **the Bisbee's Black & Blue**.

The granddaddy of them all – Bisbee's Black and Blue Tournament – occurs in Los Cabos every October and is known as the richest fishing tournament globally, with payouts exceeding 4 million dollars for the largest black, blue and striped marlin species. Dockside parties in and throughout the region are legendary. Be prepared for a rip-roaring time where the fun and drinks last well into the night hours.

The easiest way to have a thoroughly Los Cabos fishing experience is to charter a boat. We offer you information on Luxury Yachts that might be of your interest to help you find the best fishing experiences for your specific needs.

# FLY PRIVATE, FLY LOS CABOS

Los Cabos reinforces its position as the number one destination in México for international private plane arrivals with significant growth. As Mexico's premier luxury destination, Los Cabos is one of the most popular places to receive private jet charters. Due to such high demand, Los Cabos offers two airports that can comfortably accommodate private arrival and departure flights. Depending on the traveler's end-destination will be necessary for deciding which airport is most convenient.

### LOS CABOS INTERNATIONAL AIRPORT (SJD/MMSD)

Los Cabos International Airport (SJD/MMSD) is in San Jose del Cabo and welcomes international, domestic, and private charter flights. With two terminals, SJD serves as Los Cabos' central connectivity hub with the United States and Canada and has recently undergone several upgrades to ensure high levels of comfort and safety for travelers.

The FBO at SJD was an integral part of the upgrades and is now a world-class facility operating under the best safety and operation practices.

In addition to a heliport, it now features a 68,255 m<sup>2</sup> apron of space, allowing larger aircraft to accommodate more easily. Private FBO also provides towing, overnight parking, cleaning, ground power units, fueling, crew facilities, and concierge. When flying private into SJD, consider the VIP Fast Track assistance to get processed through the airport with priority service.

For more information, check out the Private FBO website or contact the Los Cabos Airport.

### CABO SAN LUCAS INTERNATIONAL AIRPORT (CSL / MMSL)

Cabo San Lucas International Airport (CSL/MMSL) is located in Cabo San Lucas and is a smaller, privately-owned airport that welcomes private aircrafts and domestic flights. It serves as Mexico's only International Private Airport, with a long runway of 7,000 feet long.

The FBO at CSL offers a full array of first-class services, such as its area for check-in, security, boarding, and dozens of other exclusive amenities that cater specifically to discerning private jet plane travelers. The airport provides a full port of entry meeting requirements for customs and immigration, and they also offer complete ground equipment for fueling. Flying into CSL is an excellent option for private planes and jet passengers looking for expedited and personal service. ## COVID-19 PRECAUTIONS & REGULATIONS

The CDC requires each Customer to present a negative COVID-19 test from a test taken within 72 hours of the scheduled return flight to the United States. It is the Customer's responsibility to obtain and present COVID-19 testing in compliance with all laws and regulations of both the origin and destination authorities.

Customers must wear a face mask while in lounges and onboard/inflight. Face masks or coverings are mandatory for all customers over the age of two years and must wear at all times except when actively eating or drinking, no exceptions. Customers who refuse to wear face coverings may not be permitted to fly.

## HELPFUL FLYING TIPS

When making plans to fly into Los Cabos, remember to bring your passport – it is necessary to enter the country. When arriving in Mexico, travelers will be issued a tourist visa card called an FMM, which needs to fill out with a customs declaration. Upon check-in to the immigration desk, the agent will check the form and let you know which portion you need to keep safe during your trip. Once cleared at immigration, you may collect your luggage and head to customs. Once clearing customs, your Los Cabos vacation awaits.

## INSIDER TIPS

**LOCATION:** Los Cabos refers to two towns— Cabo San Lucas and San José del Cabo — found at the end of Baja California Sur, about 1,000 miles south of San Diego, California, just south of the Tropic of Cancer.

**POPULATION:** Approximately 320,000 people live in Los Cabos.

**CLIMATE:** It's a subtropical desert. During the summer, the highs can reach 90° F with sporadic showers. Winter evenings may drop to 60° F, with daytime highs near 80° F.

**TIME ZONE:** Los Cabos is on Mountain Time (MT), which is one hour later than Pacific Time.

**LANGUAGE:** In Mexico, Spanish is the official language, but English is widely spoken throughout Los Cabos, especially by those within the hospitality industry.

**ELECTRICITY:** 120 volts/60 hertz. Electrical outlets are the same as those used in the U.S.

**BANKS AND CURRENCY:** The official unit of currency is the Mexican peso (MXN), but the U.S. dollar (USD) is widely accepted. All major Mexican national banks are represented here and are usually open weekdays from 8 a.m. to 4 p.m.

Many locations have ATMs that accept U.S. bank cards the same way they do in the U.S. Transaction fees may be higher, and some ATMs can dispense both Mexican pesos and U.S. dollars. While you can exchange dollars for pesos at the airport, many hotels or at any bank, banks usually have the best rates. Credit cards are welcome at most major restaurants and hotels. When using your credit card, the statement total will appear in pesos at the exchange rate posted on that day.

**EXCHANGE RATE:** Mexican peso equaled .050 U.S. dollar. This rate changes regularly. Check what the rate is when you are ready to travel and once you arrive.

**COMMUNICATION:** Most major wireless carriers offer packages that provide messaging, calling and data services at reasonable rates. Check with your provider and ask about roaming rates in Mexico, international package options and other travel-related services prior to your trip. The Internet works quite well throughout Los Cabos, and Wi-Fi is a standard amenity at a number of businesses and most hotels and resorts, so Skype, FaceTime, Whatsapp and other Wi-Fi-enabled apps are a cost-effective way to stay connected. To call the U.S. from your U.S. cell phone, dial 00 + 1 + area code + phone number. To call locally to landlines, just dial the seven-digit phone number.

To call locally to local cell phones (within the same area code), dial 044 + phone number. To call Mexico outside of Los Cabos, dial 01 + area code + phone number.

### GETTING AROUND

To get from one town to the other, you can expect to pay between \$50 and \$60. Red and yellow taxis operate in San José del Cabo; blue and green vans cruise Cabo San Lucas. They are available 24 hours a day and are never far. Buses run regularly and cost \$2-3, depending on the exchange rate. Accounting for stops at major hotels along The Corridor, the ride takes between both towns can take about an hour. As of 2018, Uber is also available in Los Cabos.

### AIRPORT & TRAVEL DETAILS

To enter Mexico, you need a valid passport. All foreign travelers must pass through immigration and customs. Once you have been cleared by immigration officials, collect your luggage and proceed to customs where you push a button on something that looks a lot like a traffic light; if the light turns red, your luggage has been selected for inspection. After getting through customs and immigration, you may walk past timeshare sales people eager for your attention. Unless you've arranged pickup with your hotel, yellow and white mini shuttles are a good option. They are less expensive than taxis, but they won't depart unless full, so you may find yourself waiting a few minutes.

Cab drivers and other pre-arranged transportation providers have a designated waiting area just outside. Just 20 minutes north of San José del Cabo, the Los Cabos International Airport (SJD), services more than 400 domestic, international and private flights weekly. At press time, the following airlines offered flights to Los Cabos: Aeroméxico, Aero Pacífico, Air Canada, Alaska Airlines, American Airlines, Calafia Airlines, Delta, Frontier, Interjet, Magnicharters, Southwest Airlines, Spirit Airlines, Sun Country Airlines, Sunwing, United Airlines, VivaAerobús, Volaris and WestJet.

Nonstop flights and connections to Los Cabos are available from numerous cities across the U.S., including

Atlanta; Charlotte; Chicago; Dallas/Fort Worth; Denver; Detroit; Houston; Kansas City, Mo.; Minneapolis; Newark; Phoenix; Salt Lake City and Seattle. From California, there are flights and connections available from Los Angeles, Orange County, San Diego, San Francisco and San Jose. From Canada, there are flights available from Calgary, Edmonton, Kelowna, Toronto, Vancouver and Winnipeg.

The smaller, less frequented airport Cabo San Lucas International Airport (CSL) services mostly private aircraft. It is located just 10 minutes away from downtown Cabo San Lucas.
